DETAILED ACTION

1. Claims 1, 3, 5, 7, 9-11, 13, 15, 17, 19-21, 23, 25, 27, and 29-33 have been presented for examination. Claims 2, 4, 6, 8, 12, 14, 16, 18, 22, 24, 26, 28, and 34-35 are cancelled.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: The claims are novel and nonobvious over the prior art of record for the following reasons. The prior art of record does not disclose or suggest the following features in light of the specification as well as in combination as arranged in the claims:

The claims recite **"if the target cell is similar to the preceding cell, using the previously calculated solution for the preceding cell as an initial input to the iterative process for the target cell"**. The Cobb reference discloses all the limitations of the claims including using the previously corrected solution of a cell if it is similar to a preceding cell but does not recite taking the previously calculated solution and once again iteratively processing it. This is because it is unnecessary to reiterate an already iterated solution.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
